

[I sit alone
^{to late}
on Chutnors night]

[Surrouded by people
I feel blind, ^{with} lost my sight]

- In the great alone
you find a friend

I was Searching for something] no one & would
~~something~~ no one knows you know
can look for

They say
you have to swing with your mood.
if you have ~~a~~ any mood at all -

This is not the first time / ~~not~~ ^{not} will it ~~be~~ the last.]

~~I have felt this way~~
a man got intoxicated by his dreams.] ^{this}

[I don't play with others to learn, ^{solid}
I'm 100 miles from anywhere, ^{bliss}
I don't say what you want to hear.]

[I tell you how I really feel
It makes some run away in fear] ^{some say a curse}

Just some old ~~hozer~~ hose er
blowing about the memoirs
chitney about the past.

To be so deeply misunderstood
~~It~~ in a cluster, close minded place.

You look to the horizon
You look to the sky
